

Dr Joschua Fiedler

Senior Associate

Joschua advises and represents clients from various industries in patent infringement and validity proceedings.

EXPERIENCE

- Representing a tech company in a multi-patent litigation before German courts and the Unified Patent Court in both infringement and nullity/revocation proceedings, including corresponding advice on licensing issues. The litigation relates to wireless charging devices allegedly implementing the Qi wireless charging standard.
- Representing a globally leading US-based consumer electronics company in out of court proceedings relating to alleged infringement of electric circuit technology.
- Representing a German manufacturer in proceedings relating to fraudulent abstraction of patent rights.
- Advising and representing a manufacturer of household appliances in preliminary and main proceedings before the Unified Patent Court at first instance and on appeal.
- Representing a tobacco product manufacturer in preliminary injunction proceedings.
- Representing a manufacturer of protective sports equipment in a patent dispute before the Unified Patent Court.
- Representing a manufacturer of mobile homes in a patent dispute concerning heat exchangers.
